Dear International Joint Commission
My family has enjoyed our camp
on Lake Ontario for 100 years.
We have watched our beach front
erode away due to poorly managed
water levels. Where there once
was a yard and beach there is
now large, protective rocks
making it hard to get into and
out of the water. We are afraid
the house will fall into the
lake.

Please make a commitment
to a healthy Lake Ontario
ecosystem by adopting a
firm deadline to implement
Plan B+.

Your written response
would be appreciated.

Thank you

Linda S Becker
