Dear U.S. Section Secretary:

I just finished building my retirement home at _____, Hilton, NY
_____ have spent many summers up at the lake and always had approx. 50 feet of
beach in front of my home. This summer there was barely 5-10 feet of beach.

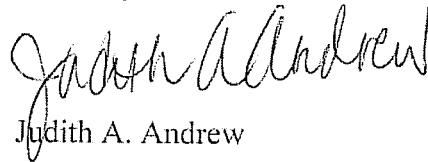

I am very concerned about the lake level and strongly urge you not to raise the
level past the 245 foot level. Many homes on the street will be flooded if the level is
raised because the water is already within a few feet of their homes.

I urge you to listen to the homeowners along the lake! Preserve our homes!
