Dear Secretary:

RE: Plan A+ Proposal by the International Lake Ontario-St. Lawrence River Study Board

As a life-long summer resident of the Thousand Islands, I am writing to endorse Plan A+ for the future regulation of the Upper St. Lawrence River and Lake Ontario.

The balance of competing factors in this Plan best maintains the long term interests of all inhabitants of the region. If the water levels of the Upper St. Lawrence are allowed to wildly fluctuate this will have a huge negative impact on the local economy, which over the long term will not be healthy or friendly to the long term interests of the local wildlife or human inhabitants.

Yours very truly,

W. Ormond Murphy.
