My name is Dave Spagnola and I am writing to you in regards the health of Lake Ontario and the St. Lawrence River. I feel it is important to adopt a firm deadline to implement Plan B+. I feel that this plan will create a healthier environment and benefit a majority of the users of these bodies of water. Not only is it important to fisherman, Municipal water users, and for hydropower, it is important to recreational boaters and users. Lake Ontario is an essential recreational tool for my family and me. We use the lake for it's summer pleasures at the beaches at Charlotte and West Irondiquoit frequently.

I appreciate your attention to this matter and would also appreciate a response to my concerns in writing.

Sincerely,

Dave Spagnola

Rochester, NY
