Dear Sir,

I have lived my entire sixty five years of life on the Great Lakes; From Wisconsin to New York State. I believe it is one of America's Great Resources and should be treasured and protected. It may someday be a major draw to restore economic prosperity to the now struggling Great Lakes States. I support the Plan B+ and request you help move this adoption as soon as possible.

I look forward to hearing from you on this matter.

Thanks,

Thomas Tod Timmel
