INT'L JOINT COMMISSION  
2008 MAY 33 P 4: 39  
JUL 2

Dear Mr Bevacqua:

The Great Lakes and the St. Lawrence River have been subjected to various artificial restrictions for years and due to the importation of invasive species and other problems, the water environment has deteriorated.

I drink the water from Lake Ontario so this is affecting me directly.

Plan B+ is an opportunity to begin to reverse this decline and I would like to know if you are going to support a firm deadline for its implementation.

Sincerely  
A. Arthur

Albert Arthur
