RECEIVED-IJC
INT'L JOINT COMMISSION
Dear Mr Bevacqua,

2008 JUN 11 P 4: 42
I am writing on behalf of The Citizens Campaign for the Environment. I implore you to support and quickly implement Plan B+, developed by the IJC. Plan B+ would benefit fish and wildlife and is ecologically friendly. Any plan, other than Plan B+, sorely misses the point of protecting this Great Lake and St. Lawrence river.

A firm deadline must be adopted to set a schedule to implement plan B+. Every day that passes poses a threat to this delicate ecosystem and natural resource.

Every Summer, I look forward to swimming in Lake Ontario. I want to ensure a healthy environment for this beautiful lake for my children and for future generations. I look forward to your written response

Sincerely,

Stephanie Kwiatkowski
