Dear Mr. Bevacqua,

I am writing on behalf of my children, future grandchildren and the other generations to follow. I grew up on the shores of Lake Ontario. Many summers I spent swimming, boating, catching frogs and watching sunsets on the beautiful shores of the lake. I always thought my grandchildren would do the same. I am concerned about the water levels, having watched them drop year after year; it makes me wonder how far they will drop before people take action to stop it. I am writing you today urging you to sign and implement Plan B. Please set a deadline on this before it is too late. This plan is a sound way to save the lake for our future generations.

Thank you,
