

Dear Mr. Bevacqua

6/2/08

I'm writing to you as a citizen of upstate New York, to please help restore the natural beauty of our water ways. I'm a supporter of the plan B⁺. I believe it is vital to act quickly before any more damage occurs. If you could please respond and consider this plan and implement it as soon as possible it would greatly be appreciated. With the summer approaching it will help the areas economy and also allow for a beautiful area to be enjoyed by boaters, fishermen, and swimmers and also used as a source of hydro power and other municipal water uses. Thank you for your time and consideration.

Thank you
Erin Swick,

Spencerport NY
