

RECEIVED JJC
JUN 9, 2008
INT'L JOINT COMMISSION

2008 JUN 11 P 4: 46

Dear Mr. Bevacqua,

I am a resident of the state of New York and a "native" of the state of Michigan.

Clean water, wildlife and nature are part of me.

As you know the IJC has developed an ecologically - friendly, international water level management plan: PLAN B.

I urge you to support that plan and that there is a firm time deadline for its implementation!

Sincerely,

Esther Dullaert
