

RECEIVED-IJC
NAT COMMISSION

Dear Frank Beragna,

6/4/08

2008 JUN 23 A 9:19

Balancing all our wet lands
has been a long time
coming

I have been worried
about our like Antaria
for some time now,

The Smell !!!

I remember as a young
teen ~~and~~ adult tanning
on the Beach, now just a
walk the Smell is over-
whelming, How Sad,

Even our young women can
not have children, I believe
this is from our Environment,
WATER, Resides in our Food.

Sincerely,

Michelle
