June 6, 2008

Dear Mr. Frank Bevacqua

I have lived in Rochester for almost 40 years and I feel that it is very important to protect the environment surrounding and including Lake Ontario and the St. Lawrence River. The people in the area where I live enjoy going to the lake beaches on hot summer days and sometimes the beaches are closed due to poor conditions and unsafe water conditions.

I would strongly urge you to set a deadline to implement Plan B + so that we can begin to work towards a healthy Lake Ontario and St. Lawrence River.

Sincerely,

Carly N. O'Brien

Carly N. O'Brien, NY
