Dear Mr. Bevacqua,

As a nature lover, I am writing to let you know that I support Plan B+ to restore Lake Ontario and the St. Lawrence River. I would strongly urge that this plan be put in place to help create a healthier environment for the lake and river in regard to fish and the surrounding wildlife.

I have two boys. Jared is 10 years old and loves investigating all creatures and this enthusiasm is being passed down to my 5 year old, Eli. I would hate to have these habitats ruined because of a simple decision to disregard this plan.

Please take this letter into consideration and adopt a firm deadline to implement Plan B+. If you would respond to me, so that I know this letter has been received and reviewed by you, it would be appreciated. Thank you in advance for your time.

Sincerely,

Lydia Joslin

Rochester, NY
