Dear Sir,

I am writing to you for your support in helping keep Lake Ontario and the St. Lawrence River healthy. We live near Lake Ontario and enjoy the many fun things that it has to offer to us. We are boaters and fishermen and a healthy Great Lake is very important to us. I urge you to protect the Upstate New York economy and environment by adopting a firm deadline to implement Plan B+ and I ask you to respond to my concerns in writing.

Thank you for your time.

Sincerely,

Jonathan LaFranca

Rochester, New York
