Mr. Bevacqua,

As a life time resident of Rochester, I have grown up and raised a family on the shore of Lake Ontario. We swim, boat, and beach walk regularly. It is always a favorite place to take family and friends when they come to visit. We frequently vacation on the St. Lawrence, camping at a state park or renting a cottage. The health of the lake and the waterway affect me and my family directly.

Please help protect the Upstate New York economy and environment by adopting a firm deadline to implement Plan B+.

I would appreciate your response in writing.
