Dear Mr. Bevacqua,  
As a lifetime N.Y. state resident our waterways are vital and they need to be clean, safe and healthy. Lake Ontario and St. Lawrence River are excellent resources for fishing, boating, swimming, hydropower and all municipal water users. I'm urging you to protect our NY economy and environment by adopting a firm deadline to implement Plan B+. Would you please respond and tell me what is being doing to improve our waterways? Thank you.

Sincerely,  
Susan Wilson
