Dear Frank Bevacqua,

I would like to express my concerns and ask that you please support a healthy Lake Ontario and St. Lawrence River ecosystems and a deadline to implement the B+ Plan!! My family goes swimming in the Lake Ontario every year and it's important for me to have clean, safe water for us to swim and go boating in. Please protect the UpState New York economy and environment by adopting a firm deadline to implement Plan B+. I would appreciate a response to my concerns on how you might be working on a plan to do just that.

Thank you for your time and help with this very important matter.

Sincerely,

Jennifer McElwain
