2401 Pennsylvania Avenue, NW  
Fourth Floor  
Washington, DC 20440

Dear Mr. Bevacqua,

We appeal to you to protect the Upstate New York economy and environment by adopting a firm deadline to implement plan B+.

We've lived in Upstate New York for over 28 years and love the area for its beautiful lakes, rivers, mountains and also for the great jobs that my husband and I have. There's no where else we'd rather live.

Please help us keep our jobs and our natural resources so that we can stay in New York and enjoy Lake Ontario.

Thank you for your time.

Sincerely,

  
Kathy DiMaria

Rochester, NY
