

Dear Secretary of US I.J.C,

Please consider Plan B+
for the water levels for
Lake Ontario + the St. Lawrence
river. I grew up at Laussville
Ontario when the St Lawrence
was a natural river. Now
we have low water +
high water eroding the
shoreline. October is a beautiful
month to be out on the
river + low levels makes
it much harder to get a
boat in + out. Wildlife should
not have to suffer with the
changing habitat as well as
different species in the water.
Please accept B+. Linda Trede

Date: 6/20/08

Dear Commissioners:

I would like to comment on the International Joint Commission's water levels regulation Plan 2007 for Lake Ontario & the St. Lawrence River.

Plan 2007 will cause disproportionate losses to areas other than the south shore of Lake Ontario and is not acceptable. I urge you to adopt the more equitable and environmentally beneficial Plan B+.

Sincerely, Linda Trede
