To Frank Bevacqua,

I would like to see BT plan come out. I've read some of the information, and agree that it is a positive step for the environment. I'm elderly, so will not reap the benefits or suffer the consequences if it's turned down, however, I'd like the future generations to have a healthy safe & enjoyable outside recreational life. I live near Lake Ontario & while much has been done in the last few years it's still closed to swimmers about 1/4 of the short summer season.

Sincerely, Kathleen Curtin
