To whom it may concern,

My name is Sara Leibold, I am writing in reference to Plan B+. We need a definitive deadline, when implemented Plan B+ will create an environment that is not only healthy but will be a great benefit towards the many people who use the St. Lawrence River as well as Lake Ontario. These people include fishermen, boaters, and the many families who spend their hot summers on these beaches. We as the people of ~~new~~ New York state implore you to support the well being of our Great Lake and River by producing a deadline before its too late to do anything at all.

Respectfully,

Sara Leibold
