

Dear Frank Bevacqua,

RECEIVED-IJC

INT'L JOINT COMMISSION
2008 JUN 23 A 9:22

A healthy Great Lake and River is important to me and my family because we like to go fishing as a fun family activity. Another reason why we want to keep the Great Lake and River healthy is so that we can preserve natural habitats and not harm any animals. You must adopt a firm deadline to implement Plan Bt.
