Dear Mr. Bevacqua:

I am writing to urge you, as a member of the International Joint Commission, to protect the economy and environment of upstate New York by adopting a firm deadline to implement Plan B+. I strongly believe this plan will significantly enhance the ecosystem of the St. Lawrence River and Lake Ontario, which are enjoyed by all who live in this area of the nation. We love upstate New York, and are pleased to be living in such beautiful surroundings. Please help us create and preserve a healthier water level management plan.

Thank you for your help. I would appreciate hearing back from you.

Sincerely,

Mary A. Graham
