STATE JOINT COMMISSION

2000 JCE-2 P 4:10

Healthy lakes & rivers are important to my family because not only do my kids want to swim & drink from them they also enjoy the beauty & wildlife they bring us we want to see live fish & birds not dead washed up animals due to polluted waters

Please support healthy lakes & rivers ecosystems & a deadline to implement the B+ plan

Thank you ahead for meeting the worlds wants & needs

Sincerely

Mary Jo Nicholson
