Dear Mr. Bevacqua,

I am writing this letter to express my support for Plan B+. I believe that this plan would be beneficial to all those living in and around the St. Lawrence River and Lake Ontario as it would help to alleviate the problems caused by current water regulations. Plan B+ will create a sustainable ecosystem and healthier environment for people who use, visit or work around the lake and river, while also being economically beneficial. I also believe that a firm deadline needs to be adopted for implementing this plan. It is my sincere hope that Plan B+ be implemented. I would appreciate a response to my concerns regarding this issue in writing.

Sincerely,

Jessica Perkins
