

June 24, 2008

Dear Ms. Rice and Mr. Bevacqua,

I am writing to you today to ask for your support in adopting the B+ Plan for Lake Ontario. As a lifelong resident of the Rochester, NY area, Lake Ontario has been very important to my family. The lake provides a place for my children to cool off during hot and humid summers and a wonderful place for our family to have a relaxing day.

As my family lives only a few miles from Lake Ontario, we visit it quite often and I would like to be assured that my family is enjoying themselves by clean and healthy water.

I urge you to please adopt the B+ Plan for Lake Ontario and the St. Lawrence River soon to protect our waters and ecosystem for both wildlife as well residents in our community.

Thank both for your time and consideration of our community and residents.

Best regards,

Josef Roth

Rochester, NY
