Dear Mr. Frank Bevacqua,

I'm writing to you regarding the water regulations for Lake Ontario and the St. Lawrence River. I support Plan B that provides more natural variability in water levels and an overall healthy ecosystem for our rivers and the Great Lakes.

I hope we can count on your support of the New York economy in adopting a firm deadline to implement Plan B.

I would appreciate a response to my concerns at your earliest convenience.

Thank you
Sandra Silvester
