US Section  
2401 Pennsylvania Ave., NW  
Fourth Floor  
Washington, DC 20440

Dear Mr. Bevacqua:

As you are aware our natural resources are at a premium today and many people are taking a "green" initiative.

As such, I would like the St. Lawrence Water Control Board of the International Joint Commission and the USDOS to adopt a firm deadline to implement Plan B+. Plan B will create a healthier environment and benefit a majority of the users of the lake and river, including fishermen, recreational boaters, hydropower and municipal water users.

Thank you for your interest in the environment.

Sincerely,

Andrea Taft
