Dear Mr. Bevacqua,

I am writing in support of a firm deadline on Plan B+. I have spoken to a representative of Citizen's Campaign for the Environment and have been informed of the positive impact this program will have on our local environment and also have been told that there is no deadline for the implementation of this plan. I feel that adopting this plan would play a significant role in maintaining the natural beauty of the Finger Lakes and Great Lakes regions and also would have a positive impact on sustaining our indigenous wildlife and plant life.

Thank you for your consideration on this matter and please feel free to contact me regarding this issue.
