Dear Mr. Bevacqua,

I am writing to urge you to adopt a firm deadline to implement Plan B+ for Lake Ontario and the St. Lawrence River. Plan B+ will create a healthier environment and benefit a majority of the users of the lake and river, including fishermen, recreational boaters, hydropower, and municipal water users. It is my firm belief that the government has an obligation to protect the environment, especially when it comes to our fresh water ecosystems. As a registered voter, I urge you to act now before irreparable damage is done to these natural treasures.

Sincerely,

Peter Kramer
