To Whom It May Concern,

My family and I live in Upstate New York (Rochester), and are very fortunate to be living near both the Genesee River and Lake Ontario. A clean and environmentally healthy lake and river are important to my family, as we enjoy swimming, boating and biking in and near these waterways. I am urging both Secretary Rice and the IJC to protect the Upstate New York economy and environment by adopting a firm deadline to implement Plan B+

Your attention in this matter is imperative. Thank you for your consideration

Sincerely

Steve Plane
