IJC JOINT COMMISSION

Dear Frank Bevacqua:

I have a 2yr old son and have lived in the Rochester area my whole life. I was able to enjoy the beautiful water of Lake Ontario growing up in the area. However since my son was born we started taking him to the beach to hopefully experience what my husband and I experienced as a child. I was extremely disappointed. The lake is not what it used to be and it is nothing I would let my 2yr old play in. Having a healthy lake is very important to us for this reason.

I am asking that you and the International Joint Commission protect our much-enjoyed environment by adopting a firm deadline for the implementation of Plan B+. This would help us to allow our son to develop the memories of his beautiful surroundings as we did when we were his age.

Thank you for your time and please respond to this plea for help.

Sincerely,

Gina Van Allen
