Frank Bewacqua  
Public Information Officer  
International Joint Commission  
U.S. Section  
2401 Pennsylvania Avenue, NW  
Fourth Floor  
Washington, DC 20440

Dear Mr. Bewacqua,

A healthy Lake Ontario and St. Lawrence River is important to my family for recreational boating and safe drinking water. Please adopt a firm deadline to implement Plan B+. This will help protect my family's interests and the Upstate NY Economy. If you could please respond to me in writing, I would greatly appreciate it. Thank you for your time.

Sincere Regards,  
Danielle Doud
