

7.7.08

Dear Frank Bevacqua -
F. J. C.,

I am writing to implore you, to adopt the B+ plan to ensure a healthier Lake Ontario + St. Lawrence River. Setting a firm deadline to implement only makes sense. My family and I enjoy the lake + surrounding wetlands + the wild life that inhabit them. We also have ties to Cape Vincent + the St. Lawrence. We have seen first hand how the low water levels have impacted many in the community. I urge you to take action now. I will be awaiting your response.

Thank you,

Carol A. Grad
