Attention of Frank Bevacqua

I am writing this letter to urge you to support a healthy Lake Ontario and St. Lawrence River ecosystem and to protect the Upstate New York economy and environment by **adopting a firm deadline to implement Plan B+**.

Plan B+ will create a healthier environment and benefit a majority of the users of the lake and river, including fishermen, recreational boaters, hydropower, and municipal water users.

Will you kindly respond to my concerns in writing and I thank you for your time and attention.

Cordially,

Donna LaManna

Rochester, NY
