Dear Frank Bevacqua:

Please support a healthy Lake Ontario & St. Lawrence River. Please set a firm deadline to implement Action Plan B+ We need to protect our ecosystem our children need to have a chance to enjoy our natural environment they need a place to go that does not cost alot of money. The economy sucks and we all need some where to go. We need an environment to allow our children to play & explore rather than having them sitting in front of a television

Thank you
