From: Nancy Karasinski

Sodus Point, NY

I would like to appeal to the members of the Commission to “keep your 50 year commitment to protect the south shore of Lake Ontario.” I have lived long enough to see the results of your “back to nature” Lake levels, and they are destructive. I can attest to the damage it will cause to the South side of the Lake. A large portion of our Village will be under water for much of the spring causing irreparable damage to homes, property, State parks etc.

I implore you to seek other alternatives. “Make no decision that will cause harm.”

Nancy Karasinski
