Washington, DC 20440

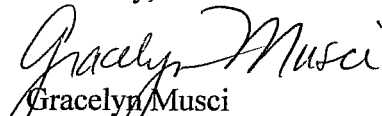

Dear Mr. Bevacqua:

I am writing to request your support for a healthy Lake Ontario and St. Lawrence River ecosystem. I urge you to protect the Upstate New York economy and environment by establishing a firm deadline to implement Plan B+.

For years, I have enjoyed the beauty of Lake Ontario as a student at SUNY Oswego, and our family has enjoyed spending time boating and fishing on the St. Lawrence River at our summer camp in Alexandria Bay. I believe it is very important to protect these waters, and a deadline to implement Plan B+ will benefit many users of the lake and river including fisherman, recreational boaters, hydropower, and municipal water users.

Your support and response in this matter would be greatly appreciated. Thank you for your time.

Sincerely,

Gracelyna Musci
