2401 Pennsylvania Avenue, NW  
Fourth Floor  
Washington, DC 20440

Dear Mr. Bevacqua:

I write at this time to urge you and the International Joint Commission to protect the Upstate New York economy and environment by adopting firm deadline to implement Plan B+. A healthy Great Lake and River is important to my family and I because it is important that we've chosen a place to live where the water quality is up to a high standard.

Sincerely,

  
Natalie Thompson
