P.O. Box 200801
Helena, MT 59620-0801

Dear Governor Martz:

Chair Schornack received your letter of April 10, 2003, asking the International Joint Commission to assess its 1921 Order of Approval for the apportionment of the flows of the St. Mary and Milk Rivers. He has shared your letter with the other U.S. Commissioners and with the Canadian Commissioners and has asked Commission staff to look into this matter. He anticipates issuing a response relatively soon.

Should your staff need to be in contact with us, please feel free to call me at (202) 736-9008 or Lisa Bourget at (202) 736-9021.

Sincerely,

Gerald E. Galloway
